OUR OFFICE AND STORAGE FACILITIES LOCATED 1 MILE SOUTH OF ROGERS ON U.S. HIGHWAYS 71 AND 62

Where We Are We are located in Arkansas—in the north-west corner county (Benton), only twelve miles south of the Missouri line and twenty-six miles east of the Oklahoma line; eighty-one miles almost due north of Fort Smith, Arkansas, and eighty-three miles, almost due south of Joplin, Missouri; one hundred twenty-nine miles east of Tulsa, Oklahoma, and one hundred six miles southwest of Springfield, Missouri. On Federal highways 71 and 62, just south of Rogers, Arkansas.

ON THE TIP TOP OF THE OZARK MOUNTAINS where our growing season is almost thirty days shorter than at Fort Smith, Arkansas. Our summers are short and nights are cool, and our growing season more like that of North Missouri, Iowa and Nebraska, than Eastern and Southern Arkansas.

Hence, our stock is well adapted to the extreme Northern, Eastern and Western States as well as being the best for Southern States.

OVER 200 ACRES DEVOTED TO GROWING HARDY TREES, PLANTS, SHRUBS, EVERGREENS AND ROSES

THIS FALL IS THE BEST TIME TO PLANT THAT ORCHARD

—WHY DO EXPERIMENT STATIONS, AGRICULTURAL COLLEGES AND FRUIT GROWERS RECOMMEND FALL BUYING? Because you can buy this Fall and have the stock shipped to you and "heel it in" so that you may plant at the most favorable time during Fall, Winter, or next Spring.

Fall planting is becoming more popular each season as experience shows its advantage. As soon as a tree or shrub becomes dormant it can be removed and change of location will affect it but little. When set out in the Fall the bruised roots begin at once to heal and callus is formed; recover quickly from moving; soon become firmly established and with the first touch of Spring are ready to go into business for themselves in a vigorous way.

Again, the ground is usually in better condition for planting in the Fall than in Spring, for much Spring planting is done when the ground is too wet for best results. Perhaps your Spring will be two or three weeks earlier. In this case your trees should be planted earlier than the dates you have ordered them shipped. If they have been planted in the Fall, these Spring delays are done away with.

Benton County Nursery's Trees, Shrubs And Plants Are Guaranteed to Live

ALL YOU HAVE TO DO IS TO FOLLOW THESE SIMPLE REQUIREMENTS

We want you to be pleased with your orders you receive from us, we know that is the only way we can expect you to be a satisfied customer. Every plant that you order from this circular is *guaranteed to live*. We will replace free of charge any or all plants you buy that fail to live. We are not asking you to take any risk whatsoever, just give us your order and let us prove to you that we mean what we say. *All you have to do* is be sure that you notify us of any plants

that fail to live on or before May 1, 1949. All we want is an opportunity to show you that we are proud to have you as a customer and leave the rest to us. We guarantee you will be a satisfied patron. Upon receipt of any stock ordered from us, if you are not entirely satisfied, return it to us by mail or express and we will refund all money paid us and for the transportation charges paid by you. You must follow our planting instructions enclosed with each order.

Read What Our Customers Say

NO MATTER WHERE YOU LIVE, OUR RUGGED MOUNTAIN-GROWN STOCK WILL THRIVE, GROW FAST AND YIELD BIG FANCY QUALITY CROPS. Read these letters from all climates and localities.

Los Angeles 22, Calif.
Feb. 12, 1948.

Dear Friends:

Your shipment of nursery stock arrived today and received immediate care according to directions enclosed. It looks good and I am more than pleased with the prompt attention and quick delivery. I hope to send a larger order next fall. Thanks also for the "How to Plant" book.

Ira R. Kurz.

Gaffney, S. C.,

Feb. 15, 1948.

Dear Sir:

I received my order of fruit trees and grape vines. Everything was in good condition, all strong and healthy. Thanks for your careful packing and prompt delivery.

Sincerely,
Jas. L. Blanton.

Baltimore, Maryland,
March 31, 1948.

Dear Sirs:

I got my order. My grapes and roses look fine.

Yours truly,
Mary Nowicke.

Romayor, Texas,
March 3, 1948.

Gentlemen:

I recently ordered from you a large number of shade trees which arrived promptly. After keeping the trees almost a week in the house before planting them, because of a cold spell of weather, I did not lose a tree and now tiny leaves are beginning to appear on all trees. They are all beautiful and I am certainly most pleased.

Very sincerely,
Mrs. Tom J. Beesley.

Beggs, Okla.

March 3, 1948.

Dear Sirs:

I received my shipment of trees, shrubs and vines and they were nice. They are as fine as I ever saw and I want you to know that I had to tell all my neighbors about them. I let my brother have my catalog and he said he was going right home and send you an order. I am going to tell all my neighbors how good you were to me in sending those nice shrubs and little trees. I don't know how to thank you. I will do all I can to get you more orders.

Your customer and friend,
Harry A. Gilliam.

BUY WITH CONFIDENCE

RASPBERRIES

Each 12° Doz., \$1.20 100, \$8
ST. REGIS—Red everbearing.
CUMBERLAND—Black, very large.
LATHAM—Very large, red.
CHIEF—Early, large, red.

DEWBERRIES

Each 6° Doz., 60° 100, \$4
LUCRETIA—Very large, luscious, sweet.
AUSTIN—Jet black and superior quality.
PREMO—Large and good quality.

Thornless Dewberry

Perfectly free from thorns; berries are of very best quality, large in size, rich and juicy, and early.
15° each; \$1.25 per dozen;
\$10 per 100

BLACKBERRIES

EARLY HARVEST—Early, good shipper.
McDONALD—Earliest of all. Large, sweet.
ROBINSON (Wonder)—Almost rustproof and a heavy bearer.
ELDORADO—Very large and firm. Good quality.

OZARK BEAUTY—A superior blackberry that is hardy and stands drought. Large berries with few seeds.
Ea. 6°; doz. 60°; 100, \$4.00

EVERBEARING BLACKBERRY (TREE FORM)

This is one of the latest creations in blackberries. Bear enormous crops, beginning to ripen just after the Early Harvest and continue almost until frost; the berry is very large, of fine quality, melting in your mouth and does not have a large core. Husky growing plants, standing erect, resembling small trees from 6 to 8 feet high and branch heavily. We have only a very few for the market this year.

20° ea.; \$2.00 doz.

THE NEW THORNLESS BLACKBERRY

Entirely free from thorns and one of the best flavored berries. Bears heavily and grows well in all sections. Be sure to plant some this year. Berries of large size.
15° ea.; \$1.50 doz. \$10.00 per 100

THE NEW BRAINARD BERRY

A new tremendously heavy yielding berry for the Central, Southern and Pacific Coast States. A trailing type, much hardier and better than the Himalaya. Very productive and has large clusters of high quality berries which contain relatively smaller seeds than any other berry of this type. The Department of Agriculture has recommended it.

15° each \$1.50 per dozen

Benton County Nursery's Stock Is Always Top Quality

Plant the New BOYSENBERRY for Handsome Profits

One of the largest and finest vine berries ever introduced. The Boysenberry is a new variety produced by crossing blackberries, raspberries and Loganberries. The flavor is a very pleasing blend of these three varieties. It has few and soft seeds. The plant is very vigorous and hardy, coming through in good condition, without injury, in temperatures as low as 19 below zero. The berries are extremely large, many of the berries getting more than two inches long and over one inch in diameter.

Each..... 12° 12 \$1.20
100..... \$8.00 1000..... \$60.00

THORNLESS BOYSENBERRIES

20° each; \$2.00 per dozen
\$12.00 per 100

YOUNGBERRY

The new Youngberry has achieved the greatest success ever scored by any of the berry family. It not only bears very heavily but the fruit is easy to handle; it is very attractive, ships well, keeps well and cans well. It has so many commercial possibilities and it fits in so well in the home garden that everybody should be interested in having a few vines or a commercial planting.

Youngberries are among the largest berries of dark wine color, have a minimum of seed, highly flavored and yield a rich looking cherry colored juice. You will find that more fruit will be produced from a few Youngberry bushes than any other berry of the same amount of ground. Youngberries thrive where any other berry fruits grow but do best in states of the same latitude as Ohio and South.

8° each; 80° per doz. \$6 per 100
THORNLESS YOUNGBERRIES
15° ea.; \$1.50 per doz.; \$10 per 100

CURRENTS

Mature just before raspberries and can be used either raw or cooked. They do not winter kill and are easy of cultivation, requiring little care. Can be grown in any good soil.

RED LAKE—A new red currant with extra large berries. Borne in long bunches well filled to the tip. Superior quality and flavor. Bushes are thrifty and very productive. It's easy to grow—easy to pick—easy to sell.
50° each; \$5.00 per dozen

DO NOT DELAY ORDER NOW

BIG JUICY STRAWBERRIES

Twice inspected, once in the Spring for Red Stele disease and once in the Fall for all kinds of insects and diseases that attacks strawberry plants and are found to be free from them all before passing these inspections.

25 for 50° \$1.50 per 100
\$12.00 per 1000

BLAKEMORE—The new strawberry that promises to be the best market berry yet introduced; medium early; fine quality and good shipper.

AROMA—One of the best commercial berries.

SENATOR DUNLAP—Medium early and high quality.

KLONDIKE (Improved)—One of the best shipping berries.

PREMIER—Early, large size, deep red color. Firm flesh. An excellent quality.

GEM BIG JUMBO EVERBEARING STRAWBERRY

Largest of all everbearers. Fine appearance in color and quality.

25 Plants \$1.50 100 Plants \$4.00
50 Plants \$2.75 500 Plants \$15.00
1000 Plants \$25.00

GOOSEBERRIES

Should be planted in good, rich soil and well manured once a year. Prune regularly. Plant 4 to 6 feet apart in rows. Mulch heavily in the fall. Plants are hardy, rugged and easily grown.

HOUGHTON—A medium sized American variety which bears abundant and regular crops and never mildews; fruit smooth; red, tender, and very good; valuable.

50° each \$5.00 per dozen

NEW PIXWELL GOOSEBERRY

Best variety grown. A tremendous bearer of large, fine quality berries. Berries hang down on the underside of branches so that they are easy to pick. Not as thorny as other kinds. Bears young. Large berries of light, green color, turning pink when fully ripe.

60° each \$6.00 per doz.

ORIENTAL ORCHIDS OF THE GARDEN (IRIS KAEMPFERI)

Your garden is not complete until you have this beautiful flower growing in your perennial collection. Now you can grow your own Orchids by planting Iris Kaempferi, which is entirely different from all other Iris and comes into bloom as the early summer fades, continuing to bloom until mid-July. The huge blooms of velvety texture measure 6 to 8 inches across. The leaves are long, narrow and gracefully formed, and the plants remain decorative even after the blooming period is over. It is no wonder that the Kaempferi is called the "Orchid of the Garden." Excellent for cutting it will grow 3 to 4 feet high. Plants thrive in well drained fertile soil (it is fatal to select a location where water stands during winter). Should be planted this fall for blooms next summer.

Mixture of Colors: Rose, White, French Blue, Purple-Violet, Lavender, Variegated. (Our selection of colors).

Our supply is very limited—Order Early

Plant LILIES this Fall!

MADONNA—(Lilium Candidum) Pure white trumpet shaped flowers borne on stems 3 to 4 feet tall, very fragrant. In bloom for Decoration Day, May 30th.

75c Each **\$7.50** Doz.

INDOOR NARCISSUS 12 BULBS 90c

These are the lovely narcissus that bloom so easily indoors and are so fragrant they perfume the entire room. You should have some coming off and on all winter and some potted up for gifts.

HOW TO GROW

Force in bowls or pots filled with pebbles (to hold down the bulb) and water or in dirt. Keep out of light in cellar until roots develop (about 3 weeks) and then put in sunny window to bloom. Plant 3 bulbs to pot.

BLOOMING DATES

To help you plan your planting, here are the dates your narcissus will bloom:

Plant	Bloom	Plant	Bloom
Oct. 1	Dec. 5	Nov. 1	Dec. 25
Oct. 15	Dec. 15	Nov. 15	Jan. 5

NOW—

Choice of 2 Colors

PAPER WHITE NARCISSUS—the old favorite—very easy to grow, very pure and white.

Arkansas Stone Fruit Nursery Stock is VIRUS-FREE

Our stone fruits are grown under the vigilant eyes of the inspectors of the Arkansas State Plant Board in a region free from virus diseases, making it by far the safest and best nursery stock for you to buy.

Virus diseases such as "Peach Yellowing," "Phony Disease," "Peach Mosaic," and "Little Peach Disease" have ruined thousands of valuable peach orchards and practically wiped out the peach industry in certain peach-growing areas. These diseases are established in orchards by means of a few diseased trees in shipments of nursery stock and when planted these diseases spread from

tree to tree by insects. The only control measures so far available are the destruction of the trees and planting of new trees grown in regions free of these diseases. Don't take any chances by ordering trees that might be infested with these diseases. ALL OF OUR STONE FRUIT NURSERY STOCK IS COMPLETELY FREE FROM VIRUS DISEASES AND IS THEREFORE THE BEST AVAILABLE FOR PLANTING IN ANY OF THE FRUIT-GROWING AREAS IN THE UNITED STATES. BE SAFE AN ORDER FROM US. DON'T RISK THE LOSS OF YOUR ENTIRE ORCHARD.

**SAVE

\$275 per Tree

New 5-N-1 APPLES TREES

Five varieties of apples on one tree. The ideal thing for those that have a small planting space. The different varieties bear all during the season. Yellow Delicious, double Red Delicious, Stayman Winesap, Ada Red and Lodi.

\$325 per tree

NEW HEATH FREE PEACH

An entirely new peach with the same qualities as the Heath Cling Peach. A large, white peach with pink blush that ripens in September. An excellent peach for home and shipping.

3 to 5 ft. size **\$1.50**

Plant ANOKA

THE OLD FOLK'S FAVORITE

Bears second year. A wonderful early apple. Fruit is large and yellow, streaked with strawberry red.

3 to 5 ft. size **80c** each

New Bliss Everbearing Peach

A freestone. Red in color, good size and fine quality; begins to ripen about June 10th and continues until September 15th. A fine peach for home or commercial use.

2 to 4 ft. **\$1.50** each
4 to 6 ft. **\$2.00** each

Three Year Old Apple Tree Special

(Heavy Caliper) 5 to 7 ft. size

\$1.10 Each; \$10 for 10; \$90 for 100

We can furnish the following varieties in this fine grade trees:

Ada Red, Blood Red Delicious, Blood Red Jonathan, Early Harvest, Jonathan, King David, Lodi, Maiden Blush, Red Astrachan, Red Bird, Sweet Bough and Yellow Delicious.

Order these extra large trees and have bearing trees quicker.

ARKANSAS BLACK

ANOTHER BRAND NEW PEACH—The Arkansas Black is the earliest peach known in this section. It ripens before the Mayflower; it is much larger than Mayflower and the most beautiful color we have yet seen for a peach. They are very dark red getting almost black, clingstone and of good quality. They have a good color for several days before they are ripe, and from the time they are ripe the fine appearance they have and good quality make them sell like hot cakes.

1 to 3 ft. **35c; \$3.50 per dozen**

DOLGO

DOLGO—A handsome red Crab Apple. Flesh is deep red to the core. The fruit is full of juice, jells easily and makes a rich ruby red jelly of beautiful color and excellent flavor.

2 to 4 ft. **80c** each

New IMPROVED Elberta

NEW IMPROVED ELBERTA—The fruit is almost round, with deep red blush on the side; it is easily 4 to 5 inches in diameter with excellent flavor. A few years ago a local fruit man gave \$5.00 for a bushel (when he could and was buying ordinary Elbertas for \$1.50 to \$2.00 per bushel).

5 to 6 ft.	1.05	1.00	95c

CRAB APPLES FOR ALL CLIMATES

Crab Apples are especially desirable in the colder sections as only a few varieties of apples can be successfully grown; but they succeed well in all climates and their fruit is very popular for preserves, jelly, and some sorts are excellent for eating.

FLORENCE—The finest of the Crab Apples. Tree of rather small size, coming into bearing when very young and producing heavily; the fruit setting in clusters. The apples will measure about an inch or slightly more in diameter; golden yellow with a bright cheek, or almost entirely red. The flesh is firm, fine grained and exceedingly juicy with that distinct snapiness so relished in a crab apple.

RED SIBERIAN—Fruit about an inch in diameter, brilliant yellow with an attractive red cheek; very juicy and excellent for jellies, preserves and pickles. The tree becomes a very large size.

2 to 3 ft.	50c each
3 to 4 ft.	70c each
4 to 5 ft.	90c each

EARLY HARVEST—Very early, yellow, blushed with pink, heavy bearer, ripe in July.

YELLOW TRANSPARENT—Extra early, yellow, June and July.

RED ASTRACHAN—Early, good bearer.

RED JUNE—Heavy producer and good quality.

SWEET BOUGH—Golden sweet, ripens in July.

MAIDEN BLUSH—Yellow with pink blush. August.

JONATHAN—Fine quality. August and September.

GRIMES GOLDEN—August and September.

EARLY RED BIRD—The earliest red apple known, ripens before Yellow Transparent, of fine quality.

YELLOW DELICIOUS—Large Golden Yellow. Fine quality. Bears young and heavy crops. October.

BEN DAVIS—Red striped, winter apple. Ripe in October.

ARKANSAS BLACK—Dark red apple, fine keeper. October.

DELICIOUS—Fine quality. October.

KING DAVID—Red apple of good quality.

MAMMOTH BLACK TWIG—Large, dark red. Keeps all winter.

WINESAP—Good quality, and good keeper. Dark red.

ADA RED—Large Red summer apple. Fine for cooking and eating.

BLACK BEN DAVIS—Bright Red on yellow ground with no stripes. Winter apple.

OLD FASHIONED HORSE—Large pale yellow shaded with red. Tender and juicy. Ripens Aug. 1st.

SUMMER CHAMPION—Best red late summer apple.

STAYMAN WINESAP—Large striped red. Winter keeper.

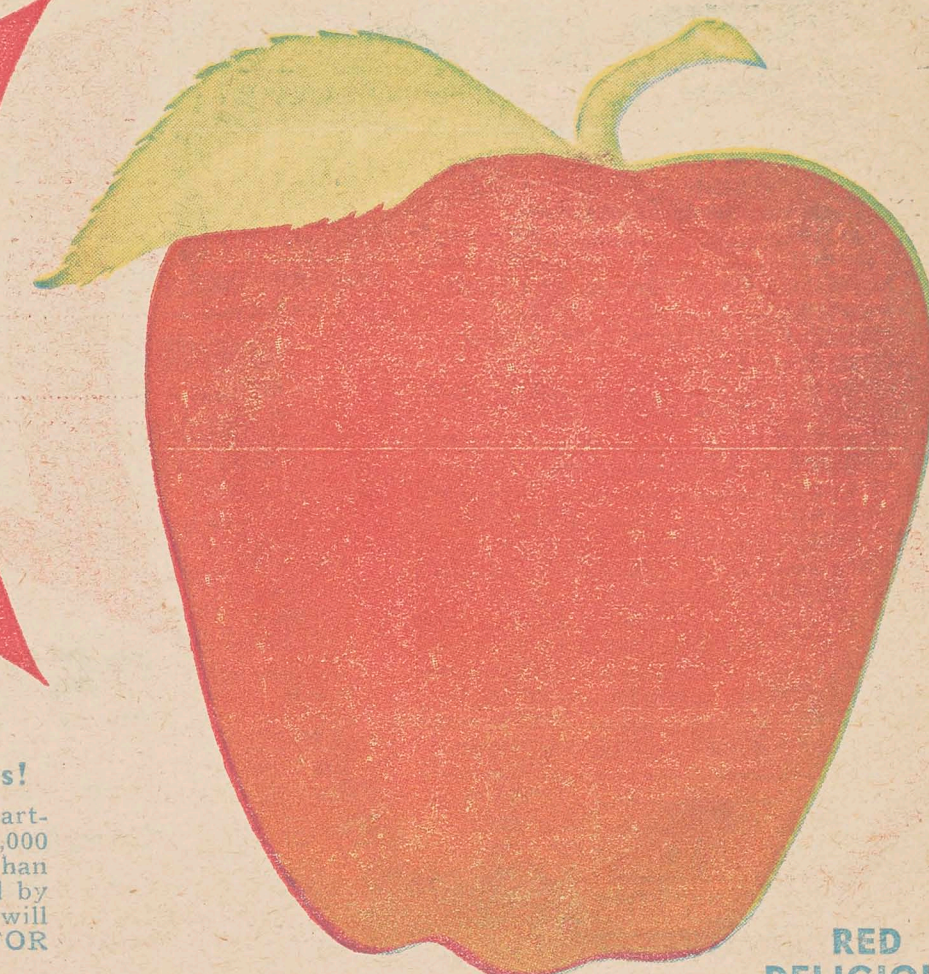

NEW Perkin's Everbearing

APPLE

2 to 4 ft. **\$1.50** each

Medium size, roundish, yellow, nearly covered with red; flesh white, fine grained, juicy, tender and mild. Bears from mid-summer until after frost. Excellent keeper.

4 to 6 ft. **\$2.00** each

RED DELICIOUS

NEWER APPLE TREES ...for BIG PROFITS Plant These Varieties

RED DELICIOUS (Blood Red)—(Triple Red)—This Delicious is identical with the Genuine Delicious in size and flavor; but is a rich red color; it is a beauty and always brings the highest prices; the quality is of the very best.

LODI—Is a seedling of Yellow Transparent. The tree and the fruit resemble the Yellow Transparent but the fruits are much larger and make the Yellow Transparent apples look like culls. The tree bears annually and ripens with the Yellow Transparent.

DELUX—Very early and large size fruit, good cooking and eating apple with a light green

color. Bears heavily.

BLOOD RED JONATHAN—Gets red all over, ripens same time as Jonathan; good size and quality.

BLOOD RED STAYMAN WINE-SAP—A large Stayman Winesap that is blood red, excellent quality, keeps well. The tree is a fair grower and good bearer.

TURLEY—A blood red Stayman Winesap that does not crack. We highly recommend this variety.

BLOOD RED ROME BEAUTY—Bright. Large beautiful red apple. Excellent for baking. The tree blooms late and is a sure bearer.

NEW WHETSTONE Apple

A Ben Davis by Jonathan cross, which in turn was crossed with Delicious. Originated at the Missouri State Fruit Experiment Station at Mountain Grove, Mo. The fruit is large, well colored, uniform in size and shape, keeps extremely well. The fruit is red with dark red obscure stripe of medium width. Has greenishyellow background, but colors well all over when ripe.

The tree is vigorous, has large leaves, long apple stems and thick twigs. Produces large regular crops of high percentage of smooth apples. The finest baking apple we have ever known. Latest ripening apple to pick. October to June. The most interesting characteristic is its ability to hang on the tree and continue to grow and color after most all other commercial varieties drop.

Don't fail to order at least one of these trees this fall. We can furnish 3 to 5 ft. size for only **\$1.50**

50c each; \$5.00 per dozen

EVERBEARING MULBERRIES

HICKS—Large and bears fruit during the
four summer months. \$1.00
3 to 4 feet, each.....

A block of many thousands of pear trees grown by our
expert, Mr. Troy Toney, whose picture is in this block of
trees. With his hat on, he is over 6 feet tall. Many of his
trees are 8 feet tall and over. No better trees can be
grown than this expert grows. Picture made August 2,
1947.

BRAND NEW UNARK CHERRY

Originated at Fayetteville, Ark., and was introduced by
Dr. Rosen of the University of Arkansas. Named Unark
meaning the University of Arkansas.

This cherry is a large yellow sweet cherry. It bears
every year and does not have to be pollinated with any other
variety. It is as fine a yellow cherry as we have seen or
ever heard of. The original tree stands 1½ blocks off the
square at Fayetteville, Ark.

Don't fail to order at least one of these trees. We have
only a limited quantity on hand to sell this year.

(Limit 5 Trees per Customer) \$275
4 to 6 feet.....each

HANSEN'S BUSH CHERRY

Perfectly hardy anywhere. Makes superb jam or
clear, sparkling jelly.

2 year bearing size 60c each; 12 for \$6

APRICOTS

MOORPARK—Large; yellow overlaid with red.
SUPERB—Medium size, Salmon color.

NECTARINES

A cross between a peach and a plum. Resembles a peach
in shape, size and flavor. As fuzzless as a plum. Fruit is
large, juicy and melting. Unequaled either as a fresh fruit
or for canning. Flesh fine-grained and a beautiful color
clear to the pit. Has the same habit of growth and bearing
as the peach, and requires the same care.
SURECROP—Red freestone overlaid with yellow.
PINEAPPLE—Red freestone.
QUETTA—Red clingstone.

2 to 3 feet, 60c ea.; 3 to 4 feet, 65c ea.
4 to 5 feet, 75c each

PLANT ROSES

CLIMBING EVERBLOOMING

TALISMAN—Two-Tone Red and Gold; Everblooming.

PAUL'S SCARLET — Intense scarlet flowers of excellent shape and moderate size, borne in small trusses. Plant of moderate growth, foliage good, blooms very liberally at its season.

RED RADIANCE—A sport of the bush Red Radiance and like it except it is a vigorous climber.

PINK RADIANCE — Same qualities as Pink Radiance bush rose. Vigorous climber.

POLYANTHUS

IDEAL—Velvety, crimson trusses of fragrant flowers. Top-notch in its color and class.

GOLDEN SALMON—Salmon pink and orange. Very popular in its class.

EVERBLOOMING TWO YEAR FIELD GROWN PLANTS HYBRID TEA ROSES

RED VARIETIES

ETOILE DE HOLLANDE—Very large, well built, brilliant red blooms, fragrant. One of the best new garden roses.

E. G. HILL—Great massive blooms of deep velvety maroon.

FRANCIS SCOTT KEY—One of the largest reds. Color is a beautiful crimson-red shading to cerise, and has a profusion of petals opening to a higher center. Thrifty grower. Very hardy. Beautiful foliage.

RADIANCE, RED—Beautiful red sport of Pink Radiance and like it except color. Stands second among the best twelve roses of its class in America.

ROUGE MALLERN—Long pointed scarlet buds; red blooms. Fragrant. Sturdy.

YELLOW VARIETIES

GOLDEN DAWN—Large pointed buds of bright yellow, tinged with red. Flower large, well shaped, deliciously fragrant. Fine foliage, in different stages of development.

GOLDEN OPHELIA—Golden yellow. Varying in different stages of development.

LADY HILLINGDON—Deep apricot-yellow to orange. Long, slender pointed buds. A very free blooming variety, sturdy growth.

LUXEMBOURG—Flowers deep orange, with long pointed buds on graceful stems. Beautiful foliage. Strong, thrifty grower.

ROSLYN—Tapering buds, big, ruffled golden-yellow flowers. Very fragrant. Long stems.

TWO-TONE VARIETIES

TALISMAN—A gorgeous assemblage of colors, exhibiting mostly gold, apricot-yellow, blood-orange, deep pink and old-rose. The bud is long and shapely, developing into medium-size, compactly double flowers. Free bloomer; glossy foliage.

PRES. H. HOOVER—A glorious new multi-colored rose, unfolding its broad, thick petals unhurriedly from the beautiful pointed bud. Vivid cerise-pink, softly flamed with yellow, orange and scarlet; this combination most emphatic on the reverse. The perfume is exquisite; the foliage ornamental.

PINK VARIETIES

RADIANCE, PINK—One of the most magnificent garden varieties with large pointed buds which are rosy-carmine on the outside of petals and light, silvery-pink on inside. Very beautiful. Very vigorous.

EDITOR McFARLAND—Clear brilliant pink. Perfect form; long lasting when cut. Strong stems.

COLUMBIA—Beautiful peach-pink, deepening as it opens. Superior shaped buds on very long and nearly thornless stems of good length. Very hardy.

BETTY UPRICHARD—Copper-red buds, opening to semi-double, large blooms of delicate salmon-pink, with reverse carmine having coppery sheen. One of the best bloomers.

WHITE VARIETIES

KAISERIN AUGUSTA VIKTORIA—Queen of white roses. Pure pearly white with splendid large buds and superb, full double blooms. A profuse and continuous bloomer.

CALEDONIA—The "White American Beauty." Large flowers of waxy paper white in June, yielding their final outburst with the first snow fall.

CHRISTOPHER STONE

Bright velvety scarlet-red with golden stamens. Very fragrant. Vigorous, upright grower and abundant bloomer.

DUQUESA DE PENARANDA

Spectacular double flowers of apricot and copper. Fragrant. Attractive foliage. Good grower and a real beauty.

PINK DAWN

Splendidly formed flowers of velvety rose-pink. A fine cutting rose. Free blooming. A lovely rose.

SOUER THERESE

Exquisite long tapered buds of golden yellow with edges of petals spotted madder-carmine.
